[Despatch Abstract.]

Madras Medical Service - Civil Assistant Surgeons - Appointment of certain Sub Assistant Surgeons with war service - Orders passed.

MEDICAL DEPARTMENT

From

Dr. S.L. Bhatia, C.I.E., M.C.,
Surgeon-General with the Government of Madras, Madras.

To

The Secretary to Government,
Education and Public Health Department,
Madras.

Ref. No. 81753-2-Res.I/47 dated 5.11.1947.

Sir,

Sub:- Madras Medical Service - Civil Assistant Surgeons Appointment by transfer of certain permanent Sub Assistant Surgeons with War Service.

Ref:- G.O. P.S.No. 2582, P.H. (Education and Public Health) dated 25th July 1947.

The Government have decided while amending the rules relating to Madras Medical Service (War Service Personnel) Recruitment Rules, 1945, that provision should be made for the appointment of Government Sub Assistant Surgeons who have rendered war service as Civil Assistant Surgeons by transfer. Hence recruitment to 38 vacancies in the post of Civil Assistant Surgeons Class I, Madras Medical Service (Men) reserved for appointment by transfer of Sub Assistant Surgeons (Men) who have rendered war service has to be made in consultation with the Public Service Commission.

2. One of the conditions prescribed for the promotion of War Service Sub Assistant Surgeons to the grade of Civil Assistant Surgeons, Class I is that licentiates should have completed not less than 15 years of service as Sub Assistant Surgeon including Military Service. Before the proposals are sent to Commission the case of such of the permanent Sub Assistant Surgeons with war service have been examined and their cases are referred to Government for orders.

3. A list containing the names and other particulars regarding the Sub Assistant Surgeons who have proceeded to Military duty is appended. It will be seen therein that the first 20 Sub Assistant Surgeons have satisfied the condition enforcing 15 years of service as Sub Assistant Surgeons in the Department. All these Sub Assistant Surgeons have been employed as temporary Civil Assistant Surgeons on return from Military duty. But with regards to items 21 to 26 though these Sub Assistant Surgeons were entertained in the Department as early as in 1930 and 1931 they sustained break in their service for the periods mentioned against their names (column 4 of the statement) in the year 1937 due to the reduction in the cadre of Sub Assistant Surgeons on account of the formation of new Orissa Province. But they were taken back in service as soon as vacancies occurred These Sub Assistant Surgeons have also rendered military service and they were also promoted as temporary Civil Assistant Surgeons on return from military duty.

4. The Government have however directed in G.O. No. Ms. 3701, Public Health, dated 30.11.1942 that the break in service of these Medical Officers may be condoned as a special case for purpose of seniority only, but not for purpose of increment and pension, etc. The question has therefore arisen, whether service prior to discharge in 1937 may be

reckoned towards the total period of 15 years of service required for purpose of promotion. If the period of service put in by them prior to their discharge is not to be taken into account they stand to lose for promotion as Civil Assistant Surgeon, Class I. All of them have nearly put in about 8 years of service and it will be a great hardship if the above period of service is not reckoned merely because there has been a break for a few months for no fault of theirs. They were promoted to grade of Civil Assistant Surgeons, Class I temporarily in view of their King's Commissioned rank in the army and if the rule of 15 years is now enforced on them it amounts to the withdrawal of the concession already granted to them. It is therefore requested that Government will be pleased to allow them to count their broken service for purpose of promotion to the grade of Civil Assistant Surgeons, Class I.

5. As regards item 27 to 37 these Sub Assistant Surgeons have also rendered war service, but they were not promoted to the rank of Civil Assistant Surgeons, Class I on temporary basis like persons (item 1 to 26 in the list) on return from military duty as they did not hold the King's Commissioned rank in the army. According to the amendment issued in G.O. cited they are also eligible for promotion to the grade of Civil Assistant Surgeons, Class I as they have completed 15 years of service as Sub Assistant Surgeons in the Department. Their names will be included in the list of Sub Assistant Surgeons to be sent to Commission who have held King's Commission and completed more than 15 years of service.

6. Item 38:- With regard to this doctor, it is pointed out that he was a local fund Sub Assistant Surgeon. When the Local Fund Dispensary, Araku in Vizagapatam Agency was provincialised in 1936 he was taken into Government service from 1.4.1936. Thus he has put in only 11 years service. Though he has rendered military, he is not now eligible for promotion as Civil Assistant Surgeon, Class I, as he has put in less than 15 years service as Sub Assistant Surgeon. He is now studying for M.B.B.S. degree in the Andhra Medical College. If he passes he will be eligible for promotion by transfer as under rules Medical graduates with 5 years of service may be considered for promotion as Civil Assistant Surgeon, Grade II. He may therefore wait till he secures the degree.

Orders of Government are therefore requested only with regard to items 21 to 26 whose cases are presented in paras 3 and 4 above.

P.H. Row,
For Surgeon-General with the
Government of Madras.

...

GOVERNMENT OF MADRAS.
Abstract.

Madras Medical Service - Civil Assistant Surgeons - Appointment of certain Sub Assistant Surgeons with war service by transfer - Orders passed.

EDUCATION AND PUBLIC HEALTH DEPARTMENT

G.O. Ms. No. 4117. Public Health Dated the 17th December 1947.

Read:-

From the Surgeon-General, No. 81753/2/Res.I. dated 5.11.1947.

Order:-

The Surgeon-General is informed that in the case of the Sub Assistant Surgeons, whose names are noted in the margin* their total period of service including the service prior to the break in their service should be taken into account for purposes of appointment by transfer as Civil Assistant Surgeons. It is therefore not necessary to issue orders condoning their break in service. In the case of Dr. A. Ambalavanan, Sub Assistant Surgeon, Government have decided to relax the rules in his favour in order to make him eligible for appointment as Civil Assistant Surgeon by transfer.

* 1. Dr. R. Ramachandran.
2. Dr. P. Kumhambu.
3. Dr. E. Balakrishna Nair.
4. Dr. K.A. Parthasarathy.
5. Dr. K.S. Rangaswamy.

2. In exercise of the powers conferred under section 241(5) of the Government of India Act, 1935, His Excellency the Governor of Madras relaxes the provisions in rule 5-A of the Madras Medical Service (War Service Personnel) Recruitment Rules, 1945 in favour of Dr. A. Ambalavanan, Sub Assistant Surgeon in order to make him eligible for appointment by transfer as Civil Assistant Surgeon.

(By Order of His Excellency the Governor).
